

Parent/Guardian Right to Know

The parent/guardian of a minor (under 18) has the right to know what materials are currently checked out on the child's card. In addition, the parent/guardian has a right to know the title of materials for which there is a current fine or fee, with the exception of a minor (under 18) who has been issued and is still using a limited use card, which did not require parental signature to acquire.
